

EMPOWERMENT THROUGH EMPLOYMENT

Who We Are

Dress for Success Twin Cities (DFSTC) is a non-profit organization dedicated to empowering women and gender expansive individuals through employment. As part of a global movement, we provide high-impact career and workplace skills development programs for low-income women, fostering career advancement, stability, and economic sustainability. Our mission is to break the cycle of poverty by offering long-lasting solutions that enable women to build safer and better futures.

What We Do

DFSTC equips women with essential tools for finding and maintaining employment. Through employment readiness workshops, individual career coaching, and additional career support, we empower women to define their own paths to success. Our holistic approach includes providing employment attire to boost confidence, ensuring they are ready for interviews or their first day on the job.
